UNISOLO® GmbH

UNISOLO® develops future oriented system software solutions and systems with an unmistakable distinct profile. The main technical expertise is the development of server applications using relational databases (Oracle) and Java EE. UNISOLO® is working with a software development team of developers which are specialists in these new innovative techniques.

UNISOLO® supports their customers with a complete service package from system analysis and consultation up to individual concepts, from the planning of the project and the software implementation up to education and training in methods, techniques and tools and a continuous individual service.

Furthermore UNISOLO® carries out consulting, software education and training for enterprises in the sector of electronic data processing. The main themes are operating systems, standard personal computer applications and naturally databases (Oracle) and internet/intranet.

The software applications of UNISOLO® are developed for the medical sector (software for hospitals, clinics and settled doctors).

UNISOLO® and UNISOLO®-POESY are certified for

- DIN EN ISO 9001:2008 (quality management) (TÜV Rheinland)
- health insurance liquidation (KBV)
- database for medicaments (KBV) for finding cheap prices
